THRU : Chief, Industrial Division, ORR

Acting Chief, Electronic Equipment Branch, ORR

Requirements for Exploitation of Chinese Battery

It is requested that a technical evaluation of the subject battery, CIA Item No. 4892, be performed. This evaluation should define the Chinese manufacturing technology used and compare it to the US technology used in manufacturing a similar battery. In addition, the mechanical and electrical characteristics of the Chinese battery should be compared with those of a similar battery manufactured in the US.
